### Chalet Goville...

If your ideal holiday base needs to have a superb location, great views, luxury and lots of space, Chalet Goville could be just what you are looking for. Just 450m from the ski lifts and 3km from the village of La Giettaz, you're in a great place to make the most of the mountains.

Sleeping 15 people in seven en suite bedrooms, Chalet Goville also boasts a wine cellar, a ski/bike room with boot warmer, and a fabulous wellness area with a sauna and a stunning hot tub room with panoramic views of the Aravis mountains. It's a great place to get together with friends or family, and with 450m<sup>2</sup> of space, privacy will never be an issue.

Throughout the renovation, the owners have used glass panels wherever possible to make the most of the views and the natural light, but they have also retained the original architecture which brings such character to this wonderful home.

There are some bars, restaurants and shops around the ski lifts a short walk away, and more in La Giettaz, a 3km drive away.

Whether you decide to visit in winter or in summer, you will never be short of something to do. Winter sports such as skiing, boarding and snow biking are always popular and in summer, the mountains are a magnet for bikers, walkers and paragliders. You can also try summer luge, climbing, or just take the lift up the mountains and enjoy the view over a picnic.
